

Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

1. (Original) A panel accessory system for a movable panel of a joinery system, the accessory system including
a panel locking system which includes,
a locking member associated with a panel receiving face of the joinery system, and
a catch associated with a leading edge of a panel to be secured,
wherein the locking member is received within a recess formed within the catch to secure the movable panel,
wherein the locking member is adapted to move along an axis perpendicular to the panel.
2. (Original) A panel accessory system as claimed in claim 1 wherein said movable panel includes a frame which is adapted to at least in part frame one or more sheets of material.
3. (Currently Amended) A panel accessory system as claimed in ~~any previous~~ claim 2 wherein the movable panel is formed by a sliding panel.
4. (Currently Amended) A panel accessory system as claimed in ~~any one of claims 2 or 3~~ claim 3 wherein the movable panel includes a leading frame portion and a trailing frame portion.
5. (Currently Amended) A panel accessory system as claimed in ~~any one of claims 2 to 4~~ claim 4 wherein said at least one sheet of material is formed from glass.

6. (Currently Amended) A panel accessory system as claimed in ~~any one of claims 2 to 5~~ claim 4 wherein the frame locates two sheets of glass to form a double glazed panel.

7. (Currently Amended) A panel accessory system as claimed in ~~any one of claims 4 to 6~~ claim 4 wherein the catch is located on the leading edge of the leading frame portion of said sliding panel.

8. (Currently Amended) A panel accessory system as claimed in ~~any previous~~ claim 1 wherein the locking member is orientated substantially perpendicular to the main face of the panel.

9. (Currently Amended) A panel accessory system as claimed in ~~any previous~~ claim 8 wherein the locking member is a bolt.

10. (Currently Amended) A panel accessory system as claimed in ~~any one of claims 4 to 9~~ claim 4 wherein the catch is formed from a staple element which projects out from the leading edge of the leading frame portion.

11. (Currently Amended) A panel accessory system as claimed in ~~any one of claims 1 to 8~~ claim 1 wherein the locking member is formed by a pivoting member.

12. (Original) A panel accessory system as claimed in claim 11 wherein the catch is formed by a housing which includes a recess, said recess having a complimentary shape to that of the pivoting locking member.

13. (Currently Amended) A panel accessory system as claimed in ~~any previous~~ claim 1 wherein the locking system is linked to a drive mechanism.

14. (Original) A panel accessory system as claimed in claim 13 wherein the drive mechanism is linked to a user actuation system.

15. (Currently Amended) A panel accessory system as claimed in ~~claims 13 or 14~~ claim 14 wherein the drive system is enabled or disabled by an ~~authorisation~~ authorization token.
